EDUCATION

Guilford Technical Community College, A.A.S Information Technology
Greensboro, NC · 2021 (in progress)

PROFESSIONAL EXPERIENCE

Coder Foundry, Web Software Engineer
Remote · September 2020 – December 2020

- Created three primary projects, including:
  1. A portfolio and blog site using C#, MVC, HTML5, CSS3, Bootstrap, JS & jQuery.
  2. A Financial Portal implemented in two phases. Phase 1: an MVC Web Application, Phase 2: a Web Service that utilizes Swagger and Swashbuckle for integrated testing.
  3. Fully designed and developed a multi-functional issue tracker web application, implementing enhanced roles & security, including a Code-First relational database designed and modeled in PostgreSQL. Technologies used include: .Net Core v3.1, MVC6, C#, LINQ, PostgreSQL, Entity Framework, Docker, PgAdmin, Heroku and jQuery DataTables.

Harris Teeter, Assistant Manager
Greensboro, NC · January 2015 - October 2020

- Provided excellent customer service.
- Interacted with vendors; prepared purchase orders; tracked status of requisitions and orders.
- Answered customers' questions about market department merchandise and advised customers on meat selection.
- Managed, supervised, and provided leadership to all department staff.
- Fostered teamwork and collaboration for market department employees.
- Determined if inventory was sufficient for needs; ordered merchandise when necessary.
- Stocked cases with new merchandise and prepared food displays to attract customers.
- Responsible for the proper preparation of meat orders for customers including cutting, wrapping, and pricing.
- Responsible for the inspection and storage of all meat upon delivery to the store to ensure the highest standard of quality.
